

Qualifying School for the season 2021

The Qualifying School for the season 2021 has 96 starting places. If more than 96 players register for the Qualifying School a Pre-Qualifying School event with a maximum of 168 players (first come first served) will be organised. In this case there will be two groups and the best players of each group will qualify for the Qualifying School for the season 2021. Who plays in which Pre-Qualification will be decided by lot. Players positioned in the top 100 of the order of merit after the Castanea Resort Championship 2020 are exempt from the Pre-Qualifying. Below you can find the schedule and further important information.

Subject to change!

Exemptions:

1. Players who at the time lived in countries with travel restrictions in force which resulted in the player not being able to attend tournaments.
2. Players who at the time lived in countries where travel would be unreasonable due to conditions such as quarantine regulations. (The Pro Golf Tour reserves the right to determine what is unreasonable).

To help with the understanding of the above exemptions please see below.

If one of the above two conditions effects a player for the remaining part of the season, then that player will be allowed to enter the 2021 season with the category he held in this season. The player will be allocated a position at the bottom of this category.

This may lead to the fact that in some categories in 2021 there will be more players than listed above.
